Marsha Boylan

Ms. Boylan is everything one would expect of a Teacher of the Year. She has a wonderful rapport with students and parents alike. It is not unusual for former students to visit Ms. Boylan years after leaving her class. Likewise, parents of former students often drop by during conferences, open house, and school activities in appreciation and support of Ms. Boylan.

Marsha openly communicates with families to share successes and learning needs, as well as behavior reports. Her positive behavior support allows students to strive for independence in a safe environment. Should behavioral issues arise, Ms. Boylan works closely with students and their families to find a solution that is beneficial to all.

As a master teacher, Ms. Boylan is a dedicated professional whose students are highly motivated to learn. Her recording of data is superb, enabling her to quickly and accurately provide necessary information on any one of her students. Her instructional methods are top notch and are delivered in a kind, caring manner. Marsha has a predictable classroom routine that provides safety and structure for her young learners. In addition to sharing the knowledge and skills required, students are allowed the opportunity to try new concepts, while being encouraged to problem solve individually.

Ms. Boylan, a leader at Dort Elementary, assumes a role on our Green Team and has led initiatives involving a waste-free lunch, a community garden, and beautification of the school grounds. In addition to building leadership, Marsha is a member of the district Instructional Planning Committee. During late start meetings, she keeps staff apprised of new initiatives in education and potential program enhancements or changes.

Congratulations, Marsha, on receiving the 2017-2018 Roseville Community Schools Outstanding Elementary Teacher of the Year Award!

Danielle Reece

Since joining the RMS staff, Mrs. Reece has grown the Music programs to their current size of over 260 students. She has revamped performances, incorporating both classical, as well as modern, popular music into practices and concerts. She works diligently to prepare students for the high school band experience – taking her classes outside to march regularly, incorporating a flag corps, and structuring the band program so that it works from beginner to advanced, regardless of grade level, thereby, increasing the complexity of the music at each level.

There is no doubt that Danielle Reece is an expert in her classroom and content area. She is also a leader in many other areas at Roseville Middle School. Danielle is the unofficial Department Head for elective classes, a member of the School Leadership Team, faculty sponsor for the after school Color Guard Team, Green Team, and National Junior Honor Society, as well as the coordinator of the Green Schools events, host of the regional MSBOA Middle School Band Festival, co-organizer of the annual *Roseville Middle School Academic Excellence Awards Night*, co-organizer of school pep rallies and lead organizer and host of two of our four after-school student extravaganzas.

Mrs. Reece demonstrates a high level of caring as a teacher. She is a selfless, hard worker who will go above and beyond what is called for to ensure the success of her students. Mrs. Reece unselfishly offers tutoring to any student who seeks help with their instrument or voice. She further encourages her students to excel by scheduling after school vocal rehearsals and instrumental practice sessions. Moreover, she has consistently invited guest artists, conductors, and musicians to her classes to enrich her students understanding of music and cultivate their musicality. She looks forward to the visiting guest conductors and musicians providing a critique of her conducting and teaching, while also seeking feedback and ratings on the student performances. In addition, Danielle works closely with her network of band directors, seeking additional feedback to enhance her teaching.

Mrs. Reece demonstrates the perfect combination of high expectations and understanding of her students to produce successful band and choral ensembles. This is evident through the high number of students who receive excellent ratings in the Michigan School Band and Orchestra Association Band Festival performances and then continue with their musical endeavors in high school. Actively engaging students not only leads to outstanding performances, but to minimal disciplinary issues. A nominating parent put it best when they said, "She clearly loves her work and the students love being held to high standards. They will gladly perform to her level."

Congratulations, Danielle, on receiving the 2017-2018 Roseville Community Schools Outstanding Middle School Teacher of the Year Award!

Keith Marzec

Keith Marzec is an exemplary teacher, coach, and role model for both students and faculty of the Roseville Community Schools. Often, Physical Education teachers are overlooked and undervalued. However, Keith's impact is notable to all at Roseville High School and throughout the district.

He is an exceptional classroom teacher, constantly reevaluating his curriculum and instructional practices to motivate and help students excel. Keith's dedication and passion for teaching and learning can be seen every day in his classroom as he consistently works to build positive relationships with students and motivate them to reach their full potential. He expects all his students to achieve at high levels by being engaged and productive. His ability to connect with kids and build relationships is the reason he can maintain high expectations. Students work hard for Mr. Marzec because they respect him and do not want to fall short of his standards behaviorally or academically.

In addition to classroom responsibilities, Mr. Marzec has served as a department leader and member of the building's leadership team. Keith has led an initiative to work collaboratively to identify course essentials and create common assessments to evaluate students' proficiency and growth. Mr. Marzec's leadership and guidance has been critical to the success and organization of the Physical Education department. He is always willing to give more of his time and talent to extra duties outside of the classroom to have a bigger, positive impact on the school culture.

Keith's leadership success as Varsity Baseball Head Coach is obvious by the five league titles the team has won over the past seven years. However, his student athletes will first acknowledge the impact he has had on their life as a mentor. Keith is a coach who expects his athletes to excel in the classroom, as well as upholding a positive attitude and relentless work ethic on the field. His leadership has allowed the baseball program to have continued success year after year.

Mr. Marzec has always carried himself with dignity and class. His humility has endeared himself to the staff, students, and parents of Roseville High School. He is well liked and respected in the school community as an alumnus, lifelong resident, and parent of two Roseville Community Schools children. He has a unique connection to Roseville that is the foundation of his deep loyalty to our school community, evidenced by his involvement in extracurricular activities, athletics, and after school events, which he frequently attends. Keith also volunteers for the Special Olympics and takes great pride in helping these athletes participate and experience success during competitions. He volunteers on a yearly basis and has inspired other staff members to volunteer their time, as well.

Congratulations, Keith Marzec, Roseville Community Schools is proud to recognize you as the Outstanding High School Teacher of the Year for 2017-2018!
