

Advanced ELA

► English Language Arts

What does it mean to be advanced in ELA?

- Child has scores above the majority of their peers in reading.

What does an advanced class look like in ELA?

- Pacing is quicker than a typical academic classroom.
- More opportunities for collaboration as a whole group and small group are offered to build critical thinking and communication skills.
- Autonomy is given to kids to provide options in their personal learning.

Why take an advanced ELA class?

- To push your child outside of their comfort zone to prepare for advanced courses in high school.

A decorative horizontal border consisting of a repeating pattern of blue and white diamonds, each containing a small white circle.

Advanced Math & Algebra

Advanced math classes prepare students for jobs and for college. Students are given more responsibility for their learning while being guided by their teacher. They develop a deeper understanding of mathematical practices and learn how to apply those practices to the real world.

Students in Advanced math classes are expected to complete their homework assignments on time, study for tests and quizzes, and be active participants in class discussions and activities. More rigorous assignments are given.

Parents can assist their children by providing an appropriate place and time to complete homework and study. Utilize the resources at www.bigideasmath.com.

School Day Intervention Program

What is the School Day Intervention Program? *Students who have been identified for their core content area to receive additional support. (Math, English, Science, or Social Studies)*

How are students chosen for the School Day Intervention Program? *Students are chosen for the program based on multiple data points. These include MEAP, Measures of Academic Progress (MAP), Zeros Aren't Permitted (ZAP), Grades, and Teacher input from those core academic areas.*

Who runs the School Day Intervention Program? *Intervention Specialists (Mr. Pacilio, Mrs. Grimes, Mr. Tule, Mr. Profeta) who work closely with the Literacy Coach and classroom teachers to use strategies that best support the students in their core academic areas.*

When do students meet with the Intervention Specialist? *Students will be pulled from elective classes no more than once or twice a week to receive supportive strategies.*
