Ruth Post

Hi my name is Ruth Post and I am the elementary art teacher for RCS. I started my career as a graphic artist for the Detroit News newspaper and was mentored by some great designers and cartoonists. I earned a BFA in fine arts and I then went on to earn both an art education and general classroom teaching certificates. I think being a fine artist, has always brought strength to my teaching. I understand the creative process and I am always making artworks in my studio. I enjoy the playful images that only children can create. I have always felt at home being around children and they are my favorite artists to spend time with. I have had the privilege to grow many budding artists over past 25+ years that I have worked for the school district. I have remained in contact with many of my grownup artists and I now teach some of their own children.
