3/27/2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-18 educational progress for John R. Kment Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal, Donovan Stec for assistance.

The AER is available for you to review electronically by visiting the following web site <http://bit.ly/2HSnlkM>, or you may review a copy in the main office at your child's school.

For the 2017-18 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

\* Note TSI and ATS definitions were changed for the 2018-19 school year per federal requirements. The new definitions are:

TSI – The school has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

## **MISSION**

*The mission of Roseville Community Schools and Kment Elementary School, in a cooperative partnership with the students, the home and the community, is to develop lifelong learners prepared to meet the challenges of the future.*

---

ATS – The school has met the criteria for TSI identification and has at least one subgroup performing at the same level as a CSI school.

Our school was identified as a HAS NOT BEEN GIVEN ONE OF THESE LABELS.

Kment Elementary's MSTEP testing for the 2017/2018 school year reveals that our African American students and those with disabilities have the greatest need for tiered support. The combined report shows that African American students building wide average 21% proficiency on the ELA MSTEP and 15% proficiency on the math MSTEP. Similarly, students with disabilities score 17% proficiency on the ELA MSTEP and 17% proficiency on the math MSTEP. Kment elementary uses a MTSS approach to students who struggle in these subject areas. This tiered support includes small group or one on one instruction, extra help via instructional aides, our Lexia Core 5 program, and our after school program. We will continue to support students who struggle, and will consistently progress monitor all groups.

State law requires that we also report additional information. <TO HAVE THIS LETTER MEET THE STATE REQUIREMENTS, EACH SCHOOL SHOULD PROVIDE A REPORT FOR THE **TWO MOST RECENT YEARS** ON THE FOLLOWING:

Students are assigned to schools based upon location. The district is separated into 7 elementary areas, 2 middle school areas, and 1 high school area. Special education students are assigned based upon the school that offers the least restrictive support that the IEP requires. Roseville Community Schools is also open to the county. Students from neighboring districts can apply for school of choice. This is true for students who live within the district as well.

Kment Elementary School's improvement plan is currently implemented with fidelity. We are revising and rewriting for the 2019/2020 school year, and will be ready for full implementation in September. School improvement plans for the past 5 years are available for review in the office upon request.

The Roseville Community School's full curriculum is available in the curriculum department at the administration building located at 18975 Church Street.

Aggregate student achievement results for local competency tests for Kment Elementary are available in the office at Kment Elementary or online at

mischooldata.org. District data are available at the administration building or online at mischooldata.org.

Kment Elementary reports 96% parent contact at our most recent parent/teacher conferences.

I would like to congratulate the Kment Elementary staff for helping students reach a high level of achievement. Students continue to increase performance year by year as we make strides to identify weaknesses and close the achievement gap. I encourage all Kment staff members to keep up the great work. Great things await our students as a result of all you do.

Sincerely,

Donovan J. Stec Ed.S

Principal.
