Frank Street Is Open

Frank Street is now open! We will be directing traffic to return to previous patterns:

- Parents dropping on Normal must approach from the North
 - Head North on Quinkert or Progress or come South from 13 Mile
 - Head South on Normal Street, drop off students in front of building and continue moving back toward Common Road

Students may also continue to be dropped off in the south lot—enter from Normal Street and exit onto Common Road. However, too many cars stop directly in front of the A-Wing doors. This creates a back up on Normal.

**South A-Wing
doors will not be used
as an entrance.**

Parents should pull further into the lot away from Normal and students will enter by the flag pole and rock. (drop at the stars)

If parents will pull forward as much as possible, traffic will flow better.

Expecting door to door access is a problem. Please pull as far forward as possible. A few extra steps will not be a problem for your child.

*If your child is on crutches, etc.—work with us for arrangements.

★★ Drop Off Areas
