Orientation gives students and parents an opportunity to visit the school and become familiar with the physical layout of the building and assist with the transitioning of elementary students to a middle school setting. This transition will include our expectations that we have for student behavior and academic achievement. We will also introduce numerous opportunities for extracurricular involvement in clubs and athletics, as well as opportunities for partnership and support that families can expect from Roseville Middle School. Studies have shown the importance of student involvement in extra-curricular activities, we highly encourage your students to get involved at Roseville Middle School.

Further information for parents regarding the beginning of the school year will be arriving in the mail late in August. Be sure to look for our monthly newsletter in the mail. In our newsletter, you will find important dates and events for the upcoming month. If you provide our office with an e-mail address, you will receive our newsletter via e-mail. The e-mail version of our letter is much more colorful and arrives quicker than the traditional mail route.

I hope to see you at orientation or at one of the many events we will be hosting this year.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason Beffin". The signature is stylized with a large loop at the beginning and a long, sweeping tail that ends in a small flourish.
